BIOPSY REPORT - LEFT TONSIL

Patient Name:	**Mr. ANIL KUMAR MISHRA**	Accession:	**VO/26/1904**
Age / Sex:	38 Years / Male	Date reported:	**02/04/2026**
Address:	H-204, Aliganj Sector B, Lucknow	Referred by:	Dr. Poonam Srivastava (ENT)

Gross

Received an irregular grey-white tissue bit measuring 1.4 x 1 x 0.6 cm. Entirely processed.

Microscopy

Sections show tonsillar tissue with sheets of atypical lymphoid cells. Immunostains are advised for typing.

Diagnosis

Left tonsil, biopsy: atypical lymphoid infiltrate, suspicious for lymphoma.
