DISCHARGE SUMMARY

Name: Mr. RAMESH PRASAD YADAV Age / Sex: 56 yrs / M IPD No.: KCH/IPD/26/1960

DOA: 15/03/2026 DOS: 17/03/2026 DOD: 26/03/2026

Consultant: Dr. Abhishek Ranjan Sinha (Head & Neck Oncology)

Diagnosis

Carcinoma left buccal mucosa (well differentiated SCC).

Operation

Left composite resection with segmental mandibulectomy, left MRND (type I), PMMC flap reconstruction and tracheostomy on 17/03/2026.

Post-operative course

Uneventful. Ryle's tube feeds from POD 1. Tracheostomy tube downsized and the patient decannulated on POD 5; stoma healing. Flap healthy. Neck drains removed on POD 6 and 7. Oral sips started on POD 8 after a check swallow; Ryle's tube removed before discharge. Shoulder physiotherapy started.

HPE report (KCH/HP/26/0883) dated 24/03/2026 received; to be discussed in the tumour board for adjuvant treatment.

Discharge medicines

Medicine	Dose	Kab lena hai (when)	Days
Tab. Amoxicillin-Clavulanate 625 mg	1 tab	Subah-shaam (BD), khane ke baad	5
